

CPF-BC & Yukon Chapter Websites Change Form!

If your chapter changes their website administrator, chapter contact or would like to change packages, please complete the attached form.

The packages that the web host provider is offering are detailed below.

Package 1: \$5.00/month (plus GST)

- ability to use the domain name: chapter.cpf.bc.ca (e.g. newwest.cpf.bc.ca)
- 10 MB website space at www.chapter.cpf.bc.ca (e.g. www.richmond.cpf.bc.ca)
- the chapter will have their own ftp access to the website
- the chapter will have their own username and password to log into the account
- support for the use of SSI (Server Side Includes) and Perl CGI scripts (server cgi-bin directory)
- 1 e-mail address: info@chapter.cpf.bc.ca (e.g. info@langley.cpf.bc.ca) forwarded to an existing e-mail account of your choice plus 2 other e-mail forwarders

Package 2: \$8.00/month (plus GST)

- all features included in Package 1
- plus 10 extra MB website space for a total of 20 MBs
- plus another 5 e-mail address forwarded to an existing e-mail account of your choice (e.g. webmaster@delta.cpf.bc.ca) for a total of 8 forwarded e-mail addresses.

Package 3: \$10.00/month (plus GST)

- all features included in Package 1 and 2
- plus 5 extra MB website space for a total of 25 MBs
- plus another 10 e-mail address forwarded to an existing e-mail account of your choice (e.g. president@terrace.cpf.bc.ca) for a total of 18 forwarded e-mail addresses.

Please be sure to review the notes below.

Notes:

- CPF-BC & Yukon and its chapters are responsible for the material posted to all of the cpf.bc.ca websites.
- All chapters are responsible for backing up their source files and keeping an external copy of all website pages, documents, images, etc.
- The use of SPAM to advertise or promote websites is prohibited.
- Due to security/spam issues FormMail.pl, FormMail.cgi are banned from use on our servers.
- CPF-BC & Yukon guidelines for the look and feel of CPF-BC & Yukon websites can be found at: http://www.cpf.bc.ca/bc_html/Chapter_Info/f_guidelines.html.
